Cotecna is a leading provider of testing, inspection and certification services. We offer solutions to facilitate trade and make supply chains safer and more efficient for our clients.

Inspection & Testing Services

In India, Cotecna provides a wide range of services at ports, mines and thermal power plants, including:

- > Draft survey
- > Holds & hatches inspection
- > Discharge supervision
- > Cargo condition verification
- > Dispatch supervision
- > Sampling, sample preparation & analysis
- > Stock monitoring
- > Daily activity reports

Cotecna has been appointed by the Indian Central Institute of Mining and Fuel Research (CSIR-CIMFR) to control the quality of 300 millions of metric tons of domestic coal from the mines to the thermal power plants, where our experienced teams of inspectors are responsible for performing the sampling and sample preparation.

Cotecna aims at delivering high-quality and timely services at competitive prices, and is thus recognised as one of the most efficient & professional quality companies.
